= 1/2 of UID compliance!

Labels are only half of UID compliance!

Input at the UID Registry is the other half.

Save the hours, frustration & \$ of manual entry.

**We upload your UID's to the UID Registry in 2 business days or less!**

### 3 Easy steps

**1. Set up an account with the DoD's Item Unique Identification (IUID) Registry**

Register as an "IUID Contractor" at <https://www.bpn.gov/BRS>. Allow 2-3 days for DoD to process. This account allows corrections to be made to IUID data and reports to be generated.

NOTE: You must have an active account in the Central Contractor Registry (CCR) in order to upload to the UID Registry. For information and to register, click <https://www.bpn.gov/ccr/default.aspx>. Allow 3 – 5 days to process.

**2. Sign up for a *My ComplianceCenter* account with us, Compliance Label Service**

It's free. Click <https://www.compliancelabelservice.com/pbrfid/newRegistration.do>.

**3. Call us at (617) 314-7700 to obtain the *Expediter*™ UID Upload Template and Payment link.**

Fill out the spreadsheet and email to [labels@pbrfid.com](mailto:labels@pbrfid.com)

Click the Payment link to pay by credit card

**Compliance Label Service** will email you when your IUID data has been received by the UID Registry.

And if there are any errors, the IUID Registry will notify you by email. Forward this email to [labels@pbrfid.com](mailto:labels@pbrfid.com) and we will find the error and upload again for free.

### Low Prices & Fast

Our Set up charge of \$19.95 and 'per UID' prices are among the lowest in the industry. And, we upload your UID's in only 2 business days or less!
